**Affidavit of Charles Rotramel**

My name is Charles Rotramel. I am a resident of Harris County, Texas. I am over 18 years of age and competent to give this affidavit. Having been duly sworn, I hereby state as follows:

1. I am Executive Director of Youth Advocates, Inc. I founded the organization in 1988. My organization provides services for youth affiliated with street gangs and for other troubled teens.
2. In the late 1980s and early 1990s, Youth Advocates worked mostly on Houston's East End and on the Southeast Side. By 1997, we were operating city-wide. We currently have offices in Austin, San Antonio and Los Angeles.
3. Youth Advocates currently has a staff of 16 caseworkers and 21 full-time AmeriCorps volunteers. We provide services to approximately 900 young people each year.
4. I personally have worked with at least 5,000 young people over the last 13 years, most of whom had some gang affiliation.
5. The main focus of my work is to help young people stay out of gangs or leave gangs. We work with our clients by addressing the particular situation of each individual, including the client's family support, living environment, employment history, possibility of employment, history of substance abuse, and any other important factor in the client's life.
6. In order to help our clients avoid or leave gangs, Youth Advocates helps our clients build relationships apart from gang membership and develop those areas of their lives in which there are deficits. We provide a wide variety of services, including counseling, education, assistance with substance abuse problems, recreation, and fostering a supportive community of other young people who are not affiliated with gangs.
7. In my experience working to keep young people out of gangs, I have found that it is not sufficient to simply give the person a referral or an instruction to seek education or employment. Rather, our clients need extensive assistance before

Affidavit of Charles Rotramel

Page 2 of 3

they can become independent. Our work is therefore very hands-on, and includes driving clients to appointments, helping them enroll in educational programs, driving them to obtain and turn in employment applications, and helping them prepare for job interviews, helping them fill out applications, providing them with counseling and mental health services, introducing them to positive peers who have had similar experiences but who have made positive changes.

8. Based on my experience working with gang members and potential gang members for the past thirteen years, young people who affiliate with gangs typically share the same motivations for doing so. There are three factors in particular that are present in nearly every gang member and form a common denominator among almost all of the young people I've worked with: (1) the lack of a family support structure; (2) the absence of other support structures, such as a supportive school environment, an extracurricular activity, a sports team, or a church group; and (3) exposure to violence early in life. Other characteristics that are common in a young person who gravitates towards gangs include depression; a sense of failure (whether in school or in other endeavors); a feeling that he or she cannot succeed or belong anywhere else and that the gang provides a setting where he or she can be successful; substance abuse at an early age.
9. Gangs can fill a void and provide critically needed structure in the lives of young people. Although the gang environment usually is violent and unhealthy, the gang structure fills a real need for its members. The gang members become a surrogate family for young people who lack support structures elsewhere in their lives. The gang family meets basic needs, including identity, support, companionship, and activities. Also, in rough neighborhoods with heavy gang activity, affiliation with a gang often is a means of simple survival for a young person. There are few other groups to which they can belong, and the gangs often offer them the only means of support available.
10. Because young people who affiliate with gangs often have no adequate support system outside of the gang, I have found that it is futile to try to get a young person to leave a gang if there is not an alternate support system in place to replace the gang. A young person cannot walk away from his or her only support system if there is no available replacement.
11. Youth Advocates has had success in keeping young people out of gangs, or helping them leave gangs, by supplying such an alternate support system. We provide young people with a community of peers who are not affiliated with

Affidavit of Charles Rotramel

Page 3 of 3

gangs, and with assistance in obtaining education and employment. In my experience over the past thirteen years working with thousands of young people, I have seen repeatedly that young people are eager to leave a gang once an alternate support system is available to them.

12. If a young person has substance abuse problems, he or she is more likely to become involved with gangs because the gang has easy access to drugs and alcohol, and often traffics in drugs. Once involved with the gang, the person will typically increase his or her substance abuse because such behavior is considered normal in the gang.
13. If I were to see a hypothetical client who was from a violent neighborhood where gangs are active and whose parents were not involved in his daily life, I would expect that client to be drawn to gang membership. If I then learned that the client had witnessed the shooting of his best friend on the streets around the age of twelve, that his parents had substance abuse issues, that he was teased from a young age about a stuttering problem, that he felt like he never fit in at school or at the church his aunt took him to, and that he started using drugs and alcohol around the age of twelve, these factors in combination would make it extremely likely for the client to seek the structure and surrogate family that a gang could provide.
14. In my experience, in order to successfully leave or avoid a gang, the hypothetical client mentioned above would need comprehensive, hands-on support, such as that provided by Youth Advocates. For example, he would need to build up relationships with non-gang members, to receive substance abuse counseling, and to receive detailed, step-by-step assistance in obtaining gainful employment.
15. In my thirteen years working with young people, I have known at least 100 young people who have been gang members—even gang leaders—but successfully have left the gang and built a new life. These people are now on the honor roll at college or holding steady jobs. They were able to make a complete turnaround once they were provided with the kind of alternate support system offered by Youth Advocates.
16. If Anthony Shawn Medina's defense attorneys had contacted me in 1996, I would have been willing to speak with them and to provide all of the information I have provided in this affidavit.

**AFFIDAVIT OF GREGORY W. WIERCIOCH**

My name is Gregory W. Wiercioch. I am over the age of eighteen and am competent to make this affidavit. All the facts stated here are within my personal knowledge.

1. I interviewed several jurors who served on Anthony Medina's jury, including Adan Mata, Jr. On August 21, 2001, I spoke with Mr. Mata at his home in Houston. I took notes of my conversation with him shortly after it occurred.

2. I used my notes and memory in reconstructing Mr. Mata's remarks into affidavit form in the "AFFIDAVIT OF ADAN MATA, JR.," attached as Appendix A.

3. The attached "AFFIDAVIT OF ADAN MATA, JR." is a fair and accurate representation of my conversation with Mr. Mata about Anthony Medina's case.

4. On November 20, 2001, I took the attached "AFFIDAVIT OF ADAN MATA, JR." to Mr. Mata at his home. Mr. Mata read the affidavit but refused to sign it because he was afraid to get involved.

I have read all four paragraphs of the above statement and swear, under the pain and penalty of perjury, that it is true and correct to the best of my knowledge. I give this statement of my own free will.

**AFFIDAVIT OF ADAN MATA, JR.**

My name is Adan Mata, Jr. I am a resident of Harris County, Texas. I am over the age of eighteen and am competent to make this affidavit. All the facts stated here are within my personal knowledge.

1. I was a juror in the 1996 capital murder trial of Anthony Medina.

2. Before Mr. Medina's trial, I had served as a juror once in a civil case but I was surprised I was selected as a juror.

3. I remember the case well because the testimony was so shocking. The jury was made up of an older group of people and had a strong reaction to the gang testimony.

Witnesses were making gang signs from the witness stand.

4. Some of the other jurors and I were concerned about the gang members giving their testimony only a few feet away from us and looking directly at us. You see it happen on TV where the witnesses go after the foreman if they don't like the verdict. That was in the back of our mind during deliberations.

5. There was difficulty reaching a decision during sentencing deliberations. There were disagreements among the jurors and there was lots of cussing in the jury room. A juror would call another "you son-of-a-bitch, you so-and-so." I remember several jurors almost physically fighting with each other and other jurors had to step in and separate them. I was surprised that this happened between the men and women as well as just between the men.

6. I remember vividly when a Black male juror almost came to blows with a Hispanic juror before they were physically separated. After that someone suggested we take 15-20 minutes to calm down and pray.

7. We thought long and hard about the death penalty and had to satisfy our moral consciences. The jurors talked about him being a danger in the future and the possibility he would get out of prison in ten years and commit the same sort of crimes. We felt if that happened we would look back and think we made a mistake by not imposing the death penalty.

I have read all seven paragraphs of the above statement and swear, under the pain and penalty of perjury, that it is true and correct to the best of my knowledge. I give this statement of my own free will.

Affidavit of Charmin Tanner

I, Charmin Tanner, state that the following is true and correct to the best of my knowledge:

1. My name is Charmin Tanner. I am over 18 years of age, can read and write the English language, and am competent to give this statement. I presently live at 4848 Pin Oak Park, Houston Texas 77081.
2. I knew Tony when he attended Bellaire Christian Academy (BCA). He and I were in the same class and he was very close to my family.
3. We were all just so shocked to hear about Tony. I could never even imagine him being involved in anything like this. I can't even see him being involved in a situation where something like this might occur.
4. Tony was always so sweet. One time my friend's father died and Tony came to the funeral. Tony came up to her after the service and put his arm around her shoulder. He didn't say anything, just gave her a hug to let her know he was there. It was exactly the right thing to do at the time.
5. Tony had a great heart and cared about other people and children. Whenever they needed help with the children during services Tony always volunteered even though no one else ever wanted to do it. He loved kids.
6. Tony was never a trouble maker. He was never involved in beating up or teasing other kids. If anything, he was the one getting it. The older boys teased Tony because he was never involved in sports and wasn't in the cool crowd. Tony always took this in stride. He was never vindictive or interested in retaliating.
7. Tony's parents were never around. He depended on his Aunt Eva or other people from the church members for transportation to church events.

8. I was never asked to testify on Tony's behalf. If I had been asked, I would have been willing to provide the information I have provided in this affidavit. There were several of us from BCA who would have gladly spoken on Tony's behalf.

I have read this affidavit. I affirm that it is true and correct to the best of my knowledge, and I so state under the pains and penalties of perjury.
